**Schedules will be picked up outside at tables set up in the school parking lot. In case of bad weather, students will be directed to the cafeteria where there will be enough room to social distance from one another. Once schedules are in hand, students will be directed to their classrooms.**

Once in their classrooms, students will meet with their Day 1 Period 1 teacher, and will go over the routines of a typical day. This will include procedures in terms of lunch time, assigned bathrooms by level, and expectations of that nature.

Students will be dismissed in a staggered fashion for this first day, and directed to their assigned exit door for the year.

We are excited to see our Marymount students and hope for a safe and pleasant return to school!
