

Marymount Academy Says Thank You To Our Local Police

Here's a recap letter of our visit to our Local Police Station 11, Friday, Sept 20th with a picture from the afternoon. Dear Mr. Rousseau, Ms. Cote and all the wonderful police men and women, Thank you for your warm welcome at the police

station, the students couldn't stop speaking about how glad they were to have met you and upon return there were others who expressed their disappointment that we did not take them along.

It should not be rare to appreciate people who make a difference in our lives, either directly or indirectly. We live in a society where we are interdependent and even though we do not often get the chance to say it, we are thankful for the chance of receiving good education, the materials that we have and the people who make it possible.

The police force is just one of those communities that makes a difference in our lives. They make education possible in a special way; by keeping our roads, our community and our town safe so we can go to work and school without fear or bother. We at Marymount Academy (School), salute all the men and women of the Police for all their hard work and dedication. The program held at your police station thanks only a small group of employees but it is a token of our love and appreciation for the entire personnel. We would just like to say: "Marymount vous remercie"
